

Student progression (Placement records)

Department of Zoology, B.Borooah College offers undergraduate course in Zoology (Major and General Course). Zoology Major Course was started in the department from the academic session 1980-81. A total of 525 students have already completed B.Sc degree in Zoology (Major) till 2014.

Some of the students after completing their degree courses in Zoology successfully appeared in the different competitive examinations conducted by Zoological Survey of India, Assam Public Service Commission, Forests Service, Teachers Eligibility Test etc by taking Zoology as one of their papers in such examinations. The department has taken keen interest in such initiatives of students.

After completing B.Sc in Zoology major, most of the students completed their Post graduation in different subjects like Zoology, Life science, Biotechnology, Biochemistry, Environmental science, Food technology etc. in different Institutions of India like Gauhati University, North Eastern Hill University, Delhi University, Jawaharlal Nehru University, Tezpur University, Assam University, Banaras Hindu University, Pondichery University IISc Bangalore . The Department of Zoology has been playing a major role in the Post graduation admission of different students as students were selected either on merit basis or on the basis of entrance test. Besides teaching the topics of degree syllabus of Gauhati University in regular classes, faculty members of the department have been discussing different topics of post graduation entrance examinations in the class and are always providing information to the students about the Post graduation entrance test of reputed Universities of India (like syllabi for entrance, date of admission, etc). Students are always encouraged to appear for the PG entrance tests of different Institutions. Most of our alumni are now placed in respectful designations in different fields.

Department of Zoology has, thus, been playing a major role either directly or indirectly in the placement process of its alumni. Some of the alumni with their present working place are mentioned below with the year of completion of B.Sc degree in Zoology:
