FIRST ANNOUNCEMENT

International Conference on Environmental Challenges and Bioresource Innovations for a Sustainable Future (ICECBISF-2026)

13–14 March 2026

Organized by: PG & Research Department of Botany, B. Borooah College (Autonomous), Guwahati, Assam, India

About the Conference

The PG & Research Department of Botany, B. Borooah College (Autonomous), Guwahati, invites academicians, researchers, industry experts, and students from around the globe to participate in the **International Conference on 'Environmental Challenges and Bioresource Innovations for a Sustainable Future'.** The conference aims to provide a vibrant platform for exchanging ideas, fostering collaborations, and sharing recent advances in understanding environmental issues and harnessing bioresources for ecological balance, economic growth, and societal well-being.

Conference Themes

- Environmental Challenges
- Climate change and biodiversity loss
- Environmental pollution and remediation
- Habitat degradation and conservation strategies

Bioresource Innovations

- Sustainable utilization of plant, microbial, and marine resources
- Biotechnological interventions for bioresource management
- Bio-based products, nutraceuticals, and green technologies

Cross-cutting Themes

- Policy frameworks for environmental sustainability
- Traditional ecological knowledge and indigenous resource management
- Education, outreach, and community participation

Call for Abstracts

Researchers are invited to submit abstracts for oral or poster presentations relevant to the conference themes.

Abstract Submission Opens: 15 September 2025

Deadline for Submission: 15 November 2025

Notification of Acceptance: 15 December 2025

Key Highlights

- Plenary and keynote lectures by eminent scientists
- Technical sessions and panel discussions
- Poster presentations and young researcher awards
- Networking opportunities and potential collaborations

Venue

B. Borooah College (Autonomous), Guwahati, Assam, India. Located in the heart of the Northeast India, the college provides a stimulating academic environment and serves as a gateway to one of the world's richest biodiversity hotspots.
